Applicant. DEWELT. JAMES PETER  
Art Unit 1661

Dear Mr Bell,

Thank you for your letter outlining the office actions/ corrections required to the Application number listed above.

I also acknowledge receipt of the PTOL-326 & Pink Photocopy of the NOTICE OF OFFICE PLAN TO CEASE SUPPLYING COPIES OF CITED U.S. PATENT REFERENCES WITH OFFICE ACTIONS.

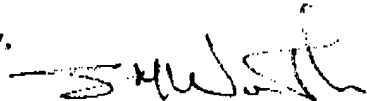

I did not receive the U.S. Plant Patent 12,712 referred to in your letter on page 13, and listed on PTOL-326 (Rev. 1-04) which is the document I feel would be most helpful in filling out a plant patent application. I have also tried unsuccessfully several times to open <http://www.uspto.gov/web/pac/dapp/opla/preognotice/revamdtprac.htm> (which you referred to on page 13) I can get everywhere, except the last part [revamdtprac.htm](http://www.uspto.gov/web/pac/dapp/opla/preognotice/revamdtprac.htm)

I have today submitted a completed form PTO/SB/125A (05-03) Request for a customer number to access the Plant Patents PAIR system and faxed the form to 00 1 (703) 308-2840.

Is it possible to fax me a copy of the U.S. Patent 12,712 so that I may view the correct format for acceptance. This would enable me to complete the corrections required at a very much earlier date.

Thank you for your help in this matter, I hope my future application will not cause these problems.

Yours truly,

Mrs S.M. Worth
